

BRUNOX[®] Top-Kett

for all-weather conditions

All-weather riders use BRUNOX[®] Top-Kett, the longterm corrosion inhibitor. Guarantees up to 5-times longer corrosion protection.

BRUNOX[®] Top-Kett is suitable for all metal based products in winter storage, storage under humid conditions, storage outdoors, storage indoors up to 3 years.

BRUNOX[®] Top-Kett is also a high-teclubricant for chains, gears and all moving parts. It has a relatively high viscosity forming an even, non-hardening, compact anti-corrosion- and lubrication-film with 100% coverage especially around edges. It is guaranteed for up to 3-times longer between lubrications.

The lubrication film is not leached away by rain or salt water, providing long-lasting and reliable protection against corrosion.

Physical properties:

Film thickness: 5-10 my

Expected coverage: 40 m²/l at 5 my, 20 m²/l at 10 my

Guaranteed lubrication effect: up to -41 °C

Heat resistance: up to 150 °C short time, up to 100 °C permanent

Simple cleaning with **BRUNOX[®] Turbo-Spray[®]**
